## Custom Cast Aluminum Street Signs

Solid "sand cast" aluminum street blades are a striking addition to any neighborhood. Each sign is finished with a 3-step urethane coating process that assures long lasting beauty and service. These dimensional signs can incorporate logos or custom coloring in addition to a variety of mounting applications. Call us for more information and we can provide you with scale drawings and specifications for presentation to your committee.

Each sign is hand crafted to your specifications. With a virtually unlimited array of colors to choose from, your custom street signs will surely be a unique addition to any community. Adding logos, custom fonts, scroll castings or other special characters are all options that allow neighborhoods to create a warm and inviting appearance.

- *Custom shapes available*
- *Add your custom logo*
- *Unlimited color options*

Check with your local authority for approval of reflectivity standards before ordering

## Cast Blade Font Options

Signature Streetscapes can manufacture your street signs to your exact specifications including custom letter/number fonts. We use three standard fonts (shown to the right) to fit your needs, with the ability to produce custom fonts for a slightly higher price. Call our customer service department and we can provide you with additional details and specification drawings as needed.
